- Saree

Executive Summary

Women (64%) are the primary customers, with adult women (age 30 to 49 years) contributing the highest share of orders (33.3%). Amazon (35.5%), Myntra (23.4%), and Flipkart (21.6%) together account for over 80% of total orders. Maharashtra (₹2.99M) is the top-performing state, followed by Karnataka and Uttar Pradesh. Since March recorded the highest sales and order volume, StyleKart should target adult women in the top five states through personalized ads, coupons, and loyalty offers on Amazon, Myntra, and Flipkart to maximize sales growth.

Dashboard Insights

1. Women are the primary customers

Women contribute **64%** of total sales, while men contribute **36%**.

Female customers purchase **1.8× more** than male customers, making women the dominant customer segment.

2. March recorded the highest business performance

March generated the highest sales of approximately **₹1.92M** along with the highest order count of around **2,820 orders**.

Compared to December (**₹1.62M**), March sales were approximately **18–19% higher**, indicating a strong seasonal demand.

3. Excellent order fulfillment performance

92% of all orders were successfully delivered.

Only **8%** of orders resulted in cancellations (**3%**), returns (**3%**), or refunds (**2%**), reflecting an efficient delivery process.

4. Amazon dominates the sales channels

Amazon contributes **35.5%** of total orders, making it the largest sales channel. **Myntra (23.4%)** and **Flipkart (21.6%)** together account for another **45%** of orders.

These three platforms collectively generate approximately **80.5%** of total orders, making them the key revenue channels.

5. Maharashtra is the highest revenue-generating state

Maharashtra leads with approximately **₹2.99M** in sales.

It is followed by:

Karnataka – **₹2.65M**

Uttar Pradesh – **₹2.10M**

Telangana – **₹1.71M**

Tamil Nadu – **₹1.68M**

Maharashtra generated about **13% more sales than Karnataka** and nearly **78% more than Tamil Nadu**.

6. Adult women are the most valuable customer segment

Adult women account for approximately **33.3%** of total orders, the highest among all age groups.

Adult men contribute only **14.9%**, meaning adult women place **more than twice** as many orders.

Senior customers contribute the lowest order share, indicating lower purchasing activity.

Business Recommendations

Recommendation 1

Focus marketing campaigns on **women customers**, especially the **adult age group**, as they represent the largest revenue-generating customer segment.

Recommendation 2

Allocate a larger advertising budget to **Amazon, Myntra, and Flipkart**, since these platforms contribute over **80% of total orders**.

Recommendation 3

Increase promotional campaigns in **Maharashtra, Karnataka, Uttar Pradesh, Telangana, and Tamil Nadu**, where customer demand is already strong and additional marketing is likely to generate higher returns.

Recommendation 4

Launch special offers, discount coupons, loyalty rewards, and festive campaigns during months after **March** to reduce the seasonal decline in sales.

Recommendation 5

Continue maintaining the **92% delivery success rate** while implementing strategies to further reduce cancellations, returns, and refunds to improve customer satisfaction.
